

Shinji

It is now truly the time for shinja to look back and reexamine the history of Shinji Kyōkai.

You will begin to see that the historical truth that ushered in the age of Shinkon was all in the hands of Kami.

To the Shinja

Do you know what is the infinite power that guides and protects this world?

The answer will not be found in the history books written and left behind by humanity.

Feel the history as you reread the Shinji that remains in the church.

They are teachings that make the best of a soul's strengths, which are all connected to the infinite.

The soul of the shinja that gains understanding of the teachings as it lives a finite life, is living their Kokoro no Michi today.

The strengths of the soul are passed on to the kokoro of family members and they will continue to live on in the family lineage.

Through Shisha Tomomarusai, Kami revealed the truth to humanity about the perpetuity of the soul and the infinite power that exists in this world and watches over and guides the family.

The powers of a Shisha were given for this reason.

Today the shinja look to the life of Daishin as a role model and they walk the Kokoro no Michi (life) that leads to kaiun.

The human soul that lives a life that is one with Kami (Shinkon) will continue to live its Kokoro no Michi as its jittai is raised.

Summary of the Shinji

Kami calls out to us to reexamine the history of *Shinji Kyōkai* more intently because when we realize the truth, we will fully understand the significance of living in the age of *Shinkon* today and will revere the truth that everything took place in the hands of *Kami*.

Shinji Kyōkai is the environment that opens the path to *kaiun* not only for *shinja* but for all people. Having gone through the age of *Daishin*, the age of *Chokushi*, this environment is now complete.

All things in this world are finite. The only thing that is infinite is the world of the soul. When human beings come into this world, a soul is placed in their bodies in the moment of birth that becomes the *unmei* that guides their life. Even when their life ends, the soul is immortal.

This truth will not be found in the many history books left behind by humanity. The answers to everything will be found in the countless *Shinji* that remains in *Shinji Kyōkai*.

Kami's teachings exist to help us make the most of the strengths of the soul that are eternal. When we live by the teachings, not only are we able to live in harmony, but our *jittai* is corrected and the strengths of our *unmei* are brought out. Our *jittai* stays elevated into our next lives.

The teachings of *Kami* not only affect our finite life of today, but greatly impact our eternal soul and our *Kokoro no Michi*. The strengths of our soul are passed on in the *kokoro* of our family members and they continue to live on in our family lineage.

Through *Tomomarusai Sensei*, *Kami* revealed the truth that the soul's existence was eternal and it watches over family members. Using the powers of *Shisha*, *Tomomarusai Sensei* began to save the souls he met.

He strongly encouraged people to cherish their family. At every turn, he taught the importance of abiding by *Kami*, *Hotoke*, *Hito no Michi*. Thus allow *Tomomarusai Sensei* to serve as a role model, and live by the teachings and elevate the *Kokoro no Michi* that continues eternally.

The *jittai* of the soul that abides by the teachings will be raised and continue on in our *Kokoro no Michi*. If we truly and deeply understand the *Shinji*, we will begin to see and feel what *Tomomarusai Sensei* achieved despite the fact that he lived in a different time. We will be able to attain the *Kokoro no Michi* that can never be realized through human knowledge and intelligence.
