

January 23, 2023 *Shinja Kokoro no Moto Benkyōkai* about the Family

*Shinji*

*Human beings, who live through their unmei-jittai (their kokoro) are in the hands of Kami; their kokoro is guided and protected by their unmei.*

*Despite this, their unmei-jittai (kokoro) is consumed by greed and they are troubled, suffer, and lose their way of their own accord.*

*Shinja should gain the awareness to learn the teachings with family members and create a family that lives by the principles.*

*The teachings help the shinja to realize their greed, and the understanding grows to prevent the unmei from withering away.*

*A way of life that manifests Kibō no Michi can be lived.*

*All the knowledge and experience that you will undergo and acknowledge become the understanding that supports life.*

*The family, where human beings are born and raised, is a precious environment.*

*It is the source of life where the unmei-jittai (the kokoro) is honed and elevated.*

*Whether or not you make the best of this environment is completely dependent on the understanding of each person.*

*Do you know why Kami teaches the principle about the family where harmony is fostered?*

*The unmei-jittai of family members naturally comes together, is enhanced and the jittai is elevated simply by having each family member learn the teachings and the awareness to live by the principles.*

*The strengths of their unmei are drawn out, and a human being who lives the correct path is born and fostered in the hands of Kami.*

*This is the key to creating a peaceful environment and a society in harmony.*
