

April 23, 2023 *Shinja Kokoro no Moto Benkyōkai* about the Family

*Shinji*

*All people who live out their natural lifespan without suffering sickness, accidents, or disasters live in families where the soul (the kokoro) finds peace.*

*To the Shinja*

*Learn the teachings with your family members and when you know what a family in harmony is, the effort (the kokoro) is desired to create a family where its members reach out to one another based on the principles.*

*As this is the secret to attaining kaiun, your hopes (your aspirations) are accepted by Kami.*

*Within the family, each member has their own place and responsibility.*

*When you interact with family members knowing this principle, Hotoke no Michi manifests and you will not experience sickness.*

*The more you understand your place, Hito no Michi will become a part of you, and you will not experience accidents and disasters.*

*The family is the nursery for the soul (the kokoro) where the unmei is honed and the jittai is corrected.*

*Hence the more family members live by the teachings, the unmei-jittai (the kokoro) of family members is honed.*

*The Kokoro no Michi in that family (home) connects deeply and strongly, and the human being (the person) who walks the correct path is fostered.*

*This is the truth, the principle about education in the family.*

*Understand that human beings live out their natural lifespan in the hands of Kami when they live by the principles.*
