

*Shinji*

*Learn the teachings, gain awareness from the principles, and ask Shinkon (Kami) to correct your jittai through your kigan.*

*This is the kokoro that manifests Kibō no Michi.*

*Kami protects the life (the kokoro) of people (the person) through their unmei.*

*Shinja must always be aware of their life (their kokoro) that is one with their unmei and kigan morning and evening each day.*

*The jittai will gradually elevate and a life that is protected and guided by their unmei will begin.*

*Illnesses, accidents, and disasters are avoided and a life that is protected and guided in Kami's hands is experienced.*

*To the Shinja*

*Do you know why you must learn the Shinji, the principles?*

*Do you know why it is important to manifest Kibō no Michi?*

*What is the difference between people (the person) who live with hopes and dreams and people (the person) who deepen their worries, doubts and suffering?*

*People (the person) who know the truth about the unmei-jittai, will seek to know the principles (salvation) from Kami and strive to abide by the path.*

*This effort (this kokoro) corrects the jittai and fosters people (the person) who live by the principles.*

*Human beings (the person) who live out a life guided by their unmei, need to have the understanding (the kokoro) that manifests Kibō no Michi.*
