Chokushi—Manifests *Kibō no Michi* to the World

Shinji

Kami controls the unmei-jittai (the life) of all people and all things through the unmei of Shinkon.

Kibō no Michi manifests in society today because of the Direct Messenger Tomomaru-hime's love and salvation for this world.

For shinja who know how to correctly connect with Kami, now is the era (the time) to live by the Shinji, the principles.

Through the teachings revealed to society (the world) by Shisha, Shinkon (Kami) continues to this day to extend love and salvation to shinja and the people of the world.

The unmei-jittai (the kokoro) of shinja (people) who understands this truth through the Shinji, the principles, is protected within the love (in the hands) of Shinkon (Kami).

To the Shinja

What is the objective in life?

The shinja, who knows what this is, becomes aware of the worth of manifesting Kibō no Michi.

That shinja deeply feels Chokushi's love and salvation that manifested Kibō no Michi to society (the world); the will to give back becomes a part of them; and the significance of living by the correct path is deeply understood.

The shinja manifests Kibō no Michi as they live each day, elevates their jittai and lives a life that is one with their unmei.

This is the means to kaiun that Chokushi spent her entire life to manifest to humanity.

Give back to society, experience meaning and purpose in life, and live out your finite lifespan.

Shinja should live today sustained by Chokushi's love and salvation knowing the principle about kaiun—the truth about life.

Summary of the Shinji

Kami controls all life in this world through the *unmei* of *Shinkon*. In other words, *Kami* has given the strength to all people and all things to be useful; and they are an existence that is needed in society. Hence if you pursue what you are able to do and use your *kokoro* that much more for the betterment of all, you will always live a life of meaning and purpose.

To allow this to happen, *Kami* opened up *Kibō no Michi* through the *unmei* of *Chokushi*, who was *Shinkon*. To manifest *Kibō no Michi*, we must have the correct relationship with *Kami*, in other words to live by the teachings and the principles.

In the teachings that *Kami* gives us through *Shisha*, *Kami* desires that each and every person attains happiness. This is a testament to *Chokushi's* love, *Shinkon's* love for us. When we know that *Kami* continues to reveal the truth to us through the *Shinji* because of *Chokushi's* love, and when we try to be worthy of that love, we are freed of our greed, and the movement of our *kokoro* is guided correctly in the hands of *Kami*.

Every human being has goals about how they want to live their life. However, the correct objective of life is to achieve *kaiun*. *Kami* has given each person the strengths to be useful in society. This is exactly why when we are able to use our *unmei's* strengths, *Kami's* hope is that we will live our life in happiness.

To achieve this, we must become a person who can always manifest *Kibō no Michi* by becoming aware of what needs to improve in our personality and disposition based on the teachings, and to correct our way of life. And based on our place and position in life, we should use our strengths and try to give back to as many people as we can.

When *Kibō no Michi* manifests, the strengths of our *unmei* are drawn out to an amazing degree. Those, who are able to deeply feel *Chokushi's* love that allowed *Kibō no Michi* to manifest in this world, will be strongly driven to give back. They will correctly interact with others, be loved, respected, and needed.

They will strive to give back to society and be of help and use to many people, and they will experience meaning and purpose. They will live out a finite lifespan without any regrets.

Know and accept the deep love behind *Chokushi's* effort to manifest *Kibō no Michi*; and now that you know how to achieve *kaiun*, correctly live the life you now have.
