

*Shinji*

*The teachings of Kami are all principles; they teach the principles of the path.*

*The more human beings become aware of the principles, their kokoro changes.*

*Gratitude and joy begin to blossom; and they are able to perceive life as a flow.*

*The kokoro becomes increasingly anchored, and disappointment and impatience fade away.*

*To the Shinja*

*Learn the teachings with your family members and create a family that correctly abides by the principles.*

*The more this conviction deepens, you will see the truth in the principles; and behavior that moves you off the path is not taken.*

*This is the kokoro of the human being who experiences miracles through Kibō no Michi.*

*Their character is increasingly elevated; and they receive the love and trust of many people.*

*Kibō no Michi is a means manifested in society that empowers Shinkon (Kami) to save humanity and allows humanity to experience paradise in this world.*

*The more the teachings are learned and the jittai is corrected, the strengths of your unmei are drawn out, and you will live out a life guided and protected by the unmei (the power) of Shinkon (Kami).*

*This is the truth of Kibō no Michi.*
