

*Shinji*

*Know the truth (the condition) about this world—it revolves around the unmei-jittai (the kokoro).*

*Be aware of why you live a life that leaves behind regrets.*

*When human beings learn the teachings and understand the principles about life, they will not act in ways that go off the path.*

*But greed gives rise to the ego, hence human beings go off the path of their own free will.*

*Their jittai interferes and they are unable to live a life guided by their unmei.*

*To the Shinja*

*Perceive the principles in the Shinji and have the strong awareness to make them your support in life.*

*Your doubts will gradually disappear, and you will regain your balance and calm.*

*You will begin to see the principles (the conditions) of life, and your kokoro will no longer be at the mercy of society's knowledge and information.*

*Kibō no Michi guides the shinja's life to one without regrets.*

*Shinja must make the effort to learn the teachings and raise their jittai through repeated kigan.*

*Your life (your kokoro) will be protected, saved, and guided to a life that attains kaiun without fail.*

*You will live out a life without regrets, and you will increasingly leave behind good elements in your Kokoro no Michi.*
