

April 23, 2024 *Shinja Kokoro no Moto Benkyōkai* about the Family

*Shinji*

*Human beings are born into a family and leave behind elements in their Kokoro no Michi when they pass on to await their next life.*

*The position of their unmei in their next life will be elevated for human beings who leave behind good elements.*

*An era flows with the fate (conditions) of a life that is lived based on the unmei-jittai (the kokoro).*

*To the Shinja*

*Know the worth of a family.*

*Kami has given a limited era (time) to each person so that hopes and dreams may be fulfilled in their lifetime.*

*People, who do not know the principles of life, lose their way and suffer.*

*But the truth about life is to be guided by the unmei and to experience meaning and purpose.*

*When family members learn the teachings and live each day based on the principles of life, human beings will always live out a life of hopes and dreams fulfilled.*

*Be aware that elements, which prevent fulfillment, stem from the kokoro that goes off the path.*

*Understand that the family is a precious environment which human beings are born into, spend an era (time) with family members, and sends you and your loved ones off when life ends.*

*When a family lives by the teachings, an era is created where good elements are left behind in the Kokoro no Michi.*
